

FOR IMMEDIATE RELEASE

Cosmo To Exhibit at 75th CEF Expo

TIANJIN, P.R. CHINA – February 1, 2010 – Cosmo Corporation will exhibit at the 75th China Electronics Fair (CEF) to be held April 9-11, 2010 in Shenzhen, China at the Shenzhen Convention & Exhibition Center.

Cosmo's booth (#PD202 located in hall 9) will showcase the company's high precision molding and assembly capabilities including the latest coil bobbin, case, mount, header, and knob product designs. Cosmo product engineers will be on hand to discuss customer applications and projects.

CEF is the largest electronics exhibition in China and is held three times annually in Shenzhen, Chengdu and Shanghai, respectively. With a floor space of 80,000 square meters and over 1,8000 exhibitors, the show will feature products and innovations from a wide range companies involved in the electrical and electronic components industries. The show is produced by CEEIC and is being co-located this year with the 2010 China Consumer Electronics Fair (CCEF).

About Cosmo:

Headquartered in Cleveland, Ohio USA, Cosmo Corporation is a leading supplier of precision engineered plastic components for the electrical and electronics industries. The company specializes in custom and standard coil bobbins, knobs & controls, encapsulation cases, mounts, headers and related components. Cosmo offers extensive capabilities ranging from design through tooling, molding, assembly and logistics support services. Cosmo serves a global customer base from its plants in the United States and China. For more information, please visit www.cosmocorp.com
